

PhD Starters Week

18. - 22.09.2023

The PhD Starters Week shall prepare all SynAGE PhD candidates in the best possible way for the upcoming PhD years. In the morning sessions, our PIs will give lectures on topics highly relevant to SynAGE. In the afternoon sessions, exciting soft-skill workshops and an Alumni Gathering await our participants.

Managing a PhD project

Good Scientific Practice

Alumni Gathering

Open Science: Reproducible Workflows
