

# Join us!

## MD Recruitment Night

### Research Topics

- ❖ mechanotransduction and the ageing synapse
- ❖ microvascular injury-induced synaptic remodeling in the ageing brain
- ❖ synaptic insulin resistance
- ❖ synaptic changes and aberrant memory-related network excitability
- ❖ cholinergic mechanisms underlying novelty detection and responding

## research on healthy ageing

### What's in for you?

- ❖ cutting-edge technologies
- ❖ career guidance and support
- ❖ international networks
- ❖ 1-year scholarships

**25. April 2024, 4 p.m.**

**Institute for Biology – Haus 91**

Organizer contact info:

Dr. Dana Zöllner
