Abstract.

Please replace this text with the abstract. Please do not change the template including sizes, styles, and indentations. The length of the abstract including title, authors names and affiliations should not exceed one page.

The first paragraph is not indented; all further paragraphs will have an indent on the first line and a spacing before the first line. Please do not use section headings and minimize the usage of abbreviations.

In case you want to use images resp. figures, please use figures that span the width of the page. Do not insert separate columns for figures and text.

Figure. This is a placeholder text for a short description of a figure. Figures do not have to be used.

If you want to use references, please follow the examples as given below. Before submission, please check that all placeholder texts have been deleted.
